

## "WORKING HARD, ACHIEVING MORE"

Careers Strategy & Planning 2023 – 2025 (including Provider Access Policy Statement)

"Choose a job you love, and you will never have to work a day in your life," Confucius

### Vision

Our vision: To send students out into the world that we would want to work with as colleagues, to ensure our students have the skills, knowledge and qualities to manage their career, to get real happiness and satisfaction from what they do in their work and to develop a desire for lifelong learning.

### **Introduction and Values**

We are committed to our core values within our Careers programme, specifically developing Tenacity within our students in the aftermath of the Pandemic and the wider disruption there is within the workplace as skills and job requirements change radically as society changes and technology redefines our working lives.

This document aims to outline for all stakeholders, staff, students, governors how we will do this, what students can expect each year, how we plan to enhance our provision, track the performance of our programme against benchmarks and record the destinations of students.

With this strategy we want to;

- To support young people to be able to learn more about opportunities for education and training outside of school before making crucial choices about their future options.
- To reduce drop out from courses and avoid the risk of students becoming NEET (Young people not in education, employment or training).
- Empower students to plan and manage their own futures.
- Provide comprehensive information on all pathways available to students, including technical qualifications and apprenticeships.
- Raise aspirations and enable students to deal and bounce back from setbacks.
- Develop confidence within our students to push themselves.
- Promote equality, diversity, social mobility, and challenge stereotypes.
- Enable students to sustain employability and achieve personal and economic wellbeing throughout their lives.

Sarum Academy Careers Leader is Gareth Jones, Link Governor is Richard Millidge

### Statutory requirements and expectations – our commitment

Sarum Academy is committed to meet of all its statutory obligations in respect of Careers Education.

- We are committed to ensuring there is an opportunity for a range of education and training providers to access students, for the purpose of informing them about approved technical education qualifications and apprenticeships.
- Promote equality of opportunity, eliminate harassment and discriminatory practices and support students with protected characteristics.
- Ensure independent careers guidance from year 7 to year 13 which is presented in an impartial manner, provides information on the range of education or training options, including apprenticeships and other vocational pathways, and is focussed on the student.
- That all students will have had access to one independent guidance interview before the end of Year 11 and a subsequent interview before the end of Year 13
- That all Education and Training providers will have access to students with a specific policy for external providers.

### **Equality and Diversity**

Careers education is provided to all pupils and provision is made to allow all pupils to access the curriculum. Pupils are encouraged to follow career paths that suit their interests, skills, and strengths with the absence of stereotypes. All pupils are provided with the same opportunities and diversity is celebrated. Please see our <a href="Equality Policy">Equality Policy</a> for further information

#### **Level 2 Learners**

Pupils leaving the Academy working below Level 3 and not able to access the courses and qualifications on offer at the Academy Sixth Form are signposted to other provision available locally. The range of courses available at these providers is better suited to the needs of pupils. These pupils are tracked carefully, and support is sought from Wiltshire Council in ensuring students do not become NEET

### How will the Careers Programme be evaluated?

This will take place annually and will include:

- Feedback from pupils in the form of a pupil survey in PSHCE lessons
- Feedback from parents in the form of a parent survey once a year
- Feedback from WEX placements
- Feedback from Mock interviews by employers
- Utilising Compass + to report on Careers activities within the Academy to ensure that Gatsby benchmarks are hit and identify any gaps.
- Working with the local CEC to benchmark against best practice within other schools and to identify any gaps.

The evaluation will be undertaken by the Careers Leader and shared with the link Governor for careers and SLT.

### **Our Stakeholders / Partners**

### **The Gatsby Benchmarks**

Statutory guidance for careers education published in January 2018 introduced the Gatsby Benchmarks. It is expected that schools will use the benchmarks as an audit tool, and it is a Target that schools will meet them in full by the end of 2020.

Benchmark	What does success look like?	What actions we will take as a school to achieve these targets/develop our provision?	Sarum Compass Evaluation (December 22)	% schools fully achieving benchmark Nationally	% schools fully achieving benchmark Wiltshire
A stable careers programme	Every school and college should have an embedded programme of career education and guidance that is known and understood by students, parents, teachers, governors and employers	Benchmark fully met. Next steps. Develop programme more effectively based on assessments and yearly reviews	100%	43%	75%
2.Learning from career and labour market information	Every student, and their parents, should have access to good quality information about future study options and labour market opportunities. They will need the support of an informed adviser to make best use of available information	Benchmark fully met. Majority of pupils & parents to use up-to-date careers information via the website. Employer interactions are also disseminating information Sixth Form and Main Libraries updated with resources  Next steps – Distribution of Termly Careers Bulletin	100%	66%	87%
3. Addressing the needs of each student	Students have different career guidance needs at different stages. Opportunities for advice and support need to be tailored to the needs of each student. A school's careers programme should embed equality and diversity considerations throughout	Systematic records for all pupils are kept via Career Pilot. Next steps – Distribution of Termly Careers Bulletin, work on improving the collection of destination data for students past their time at Sarum. Work more pro-actively with the local Council in respect of SEND students.	100%	38%	59%
4. Linking curriculum learning to careers	All teachers should link curriculum learning with careers. STEM subject teachers should highlight the relevance of STEM subjects for a	Benchmark fully met All/the overwhelming majority of students by the time they leave school, have meaningfully experienced career learning as part of English, Maths, Science and PSHCE lessons. Next	100%	60%	78%

	wide range of future career paths	steps – CTL survey termly of careers education delivered and permutation of linking curriculum to careers across every subject not just benchmarks.			
5. Encounters with employers and employees	Every student should have multiple opportunities to learn from employers about work, employment and the skills that are valued in the workplace. This can be through a range of enrichment activities including visiting speakers, mentoring and enterprise schemes.	Next steps – Careers Snippets now embedded within the curriculum for Years 9, 10 & 12, provision to widen for remaining Years 11 & 13. Leverage Careers Collective for experiences with Years 7 & 8.	100%	56%	77%
6. Experiences of workplaces	Every student should have first-hand experiences of the workplace through work visits, work shadowing and/or work experience to help their exploration of career opportunities, and expand their networks.	Benchmark fully met. Next steps – Move back to Physical WEX placements as soon as safe to do so after the Pandemic, continue to support students and ensure that Year 12 experiences are more targeted	100%	36%	66%
7. Encounters with further and higher education	All students should understand the full range of learning opportunities that are available to them. This includes both academic and vocational routes and learning in schools, colleges, universities and in the workplace.	,	100%	33%	59%
8. Personal guidance	Every student should have opportunities for guidance interviews with a career adviser, who could be internal (a member of school staff) or external, provided they are trained to an appropriate level. These should be available whenever significant study or career choices are being made.	Benchmark fully met – all pupils meet with independent careers advice for a careers interview. Next steps - Introduce a second interview within Sixth Form if WIN support continues and look at rolling out small group work within Year 10 from MLP Careers Provision. Develop systems for getting feedback and monitoring quality and effectiveness of interviews.	100%	100%	70%

### **Provider Access - Policy Statement**

### Introduction

This policy statement sets out the school's arrangements for managing the access of providers to pupils at the school for the purpose of giving them information about the provider's education or training offer. This complies with the school's legal obligations under Section 42B of the Education Act 1997.

### **Pupil entitlement**

All pupils in years 8-13 are entitled:

- to find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point.
- to hear from a broad range of local providers about the opportunities they offer, including technical education and apprenticeships through options events, assemblies, PSHCE lessons, group discussions and taster events.
- to understand how to make applications for the full range of academic and technical courses.

For pupils of compulsory school age these encounters are mandatory and there will be a minimum of two encounters for pupils during the 'first key phase' (year 8 to 9) and two encounters for pupils during the 'second key phase' (year 10 to 11). For pupils in the 'third key phase' (year 12 to 13), particularly those that have not yet decided on their next steps, there are two more provider encounters available during this period, which are optional for pupils to attend.

### Management of provider access requests

#### **Opportunities for access**

Several events, integrated into the school careers programme, will offer providers an opportunity to come into school to speak to pupils and/or their parents/carers: Please see our Careers Map for full possible touch points within our Careers Planning and Strategy Document on our website to identify the one that would be best suited for your organisation. As an initial guide, this will include PSHCE lessons, Assemblies, Career Snippets as well as Extended Learning Days & Careers Fairs as primary touch points. We welcome both in the flesh encounters and online events to ensure providers can reach as many students as possible.

#### **Procedure**

A provider wishing to request access should contact Mr Gareth Jones as Careers Leader via email, <a href="mailto:gareth.jones@sarumacademy.org">gareth.jones@sarumacademy.org</a> or via the main office on 01722 323431. We will always work with providers in ensuring that access is given wherever possible to talk to our students. If a provider wishes to complain about any aspect of obtaining access or access they have with our students, they are invited to write in the first instance to the Deputy Head, Richard Clarke <a href="mailto:gareth.jones@sarumacademy.org">gareth.jones@sarumacademy.org</a> or via the main office on 01722 323431. We will always work with providers in ensuring that access is given wherever possible to talk to our students. If a provider wishes to complain about any aspect of obtaining access or access they have with our students, they are invited to write in the first instance to the Deputy Head, Richard Clarke <a href="mailto:gareth.jones@sarumacademy.org">gareth.jones@sarumacademy.org</a>

#### Premises and facilities

The school will make the performance hall, classrooms, or private meeting rooms available for discussions between the provider and students, as appropriate to the activity. The school will also make available AV and other specialist equipment to support provider presentations. This will all be discussed and agreed in advance of the visit with the Careers Leader.

Providers are welcome to leave a copy of their prospectus or other relevant course literature in the Careers section of the Library, which is managed by Pupil Services. The Library is available to all students at lunch and break times and literature will also be made available to Careers professionals to distribute.

#### **Destinations Data**

Our Destinations Data is kept as a separate bespoke report with granular information about industry areas as well as destination data, <u>please see our website here</u> for detailed information, updated each year.

### **Previous Providers**

For a list of previous providers, as well as information about all the opportunities our students receive as part of their careers education, please see the download of our full <a href="Careers plan from Compass+">Careers plan from Compass+</a>

### Approval and review

Next review: February 2024

Signed: Chair of Governors/Link Governor
