

CAREERS NEWSLETTER

This newsletter is a collation of all the opportunities we have heard about from employers and universities. Please use the links included to read more information and apply to anything you are interested in. Links are underlined.

OPPORTUNITIES

A student who has been working for a digital marketing company part-time during her degree apprenticeship said she felt like she was "winning". Izzy Yovanova, 22, from Macedonia, is about to start the second year of a four-year course and is working for Big Bear Creative in Cambridgeshire. [Read more about her opinion and experience of apprenticeships here.](#)

upReach is launching its fifth edition of the [Aspire Guide](#) which aims to empower young people to have a deeper knowledge of their post-18 options from careers to further education and the skills to think critically about their futures. Within the guide, you will find information on university, gap years, work/training and guides to things like creating a CV, acing interviews and much more.

Are you facing financial concerns in the midst of the cost-of-living crisis while considering university? At UEA's upcoming webinar series, "How to Pay for University," we provide the answers you need to make informed decisions. Don't miss out on this event taking place on Tuesday 26 September, 16.30-17.15 which aims to help you to secure your financial future! [Read more and register here.](#)

On 29th September, University of Bradford are running an online event which focuses on exploring the clinical sciences programme at the University of Bradford, as an alternative route to medicine. There will be an opportunity to ask questions about the programme and explore what other routes to studying medicine are available. [Read more and register here.](#)

JOB OF THE WEEK

This week's video focuses on the job role of an [Cardiologist](#). Cardiologists diagnose, assess and treat patients with defects and diseases of the heart and the blood vessels, which are known as the cardiovascular system. Watch the video to learn more about how much you could earn, the qualifications you need & what subjects link to this career.

LABOUR MARKET INFORMATION FACT

From May - July 2023, there were 102,000 redundancies, an increase of 39,000 from the previous year.

Why do you think we are seeing an increase in people being made redundant?
